I leverage an architecture background to craft user experience solutions with human-centered design thinking.

EXPERIENCE

Sept 2025 – Present | Remote

UX/UI Design Intern | RightOn Education

- Co-designed key user flows for teacher-facing portions of a web-based education platform in rapid 1-2 week sprints, contributing to positive early feedback on a significantly quicker and easier question creation experience.
- Uncovered critical teacher needs through usability testing & data analysis to co-design critical flows, making the RightOn experience quicker, more intuitive, & better aligned with classroom-specific requirements.

Jun 2025 – Aug 2025 | Cedar Knolls, NJ

UX/UI Design Intern | Fingerpaint Group

- Transformed low-fidelity wireframes into high-fidelity designs for a pharmaceutical website redesign, accelerating client approvals while ensuring alignment with established guidelines.
- Systematically iterated designs by meticulously incorporating internal and client feedback, resulting in quicker turnaround for accurate, client-approved content.

Jan 2022 – Sept 2022 | Las Vegas, NV

Architectural Associate | LTRD Corporation

- Improved architectural drawing sets by verifying proper material call-outs and making plan revisions, resulting in a significant decrease in RFIs from contractors and faster project turnaround.
- Instituted a peer review process for drawing sets, increasing the quality of drawing sets and reducing rework due to drafting errors.

EDUCATION

Designlab UX Academy

UX/UI Designer Certification | 2024

University of Nevada, Las Vegas

B.S. Architecture | 2021

SKILLS

User Experience Design
Design Thinking
